6 x 9
8 x 10
9 x 12
10 x 14

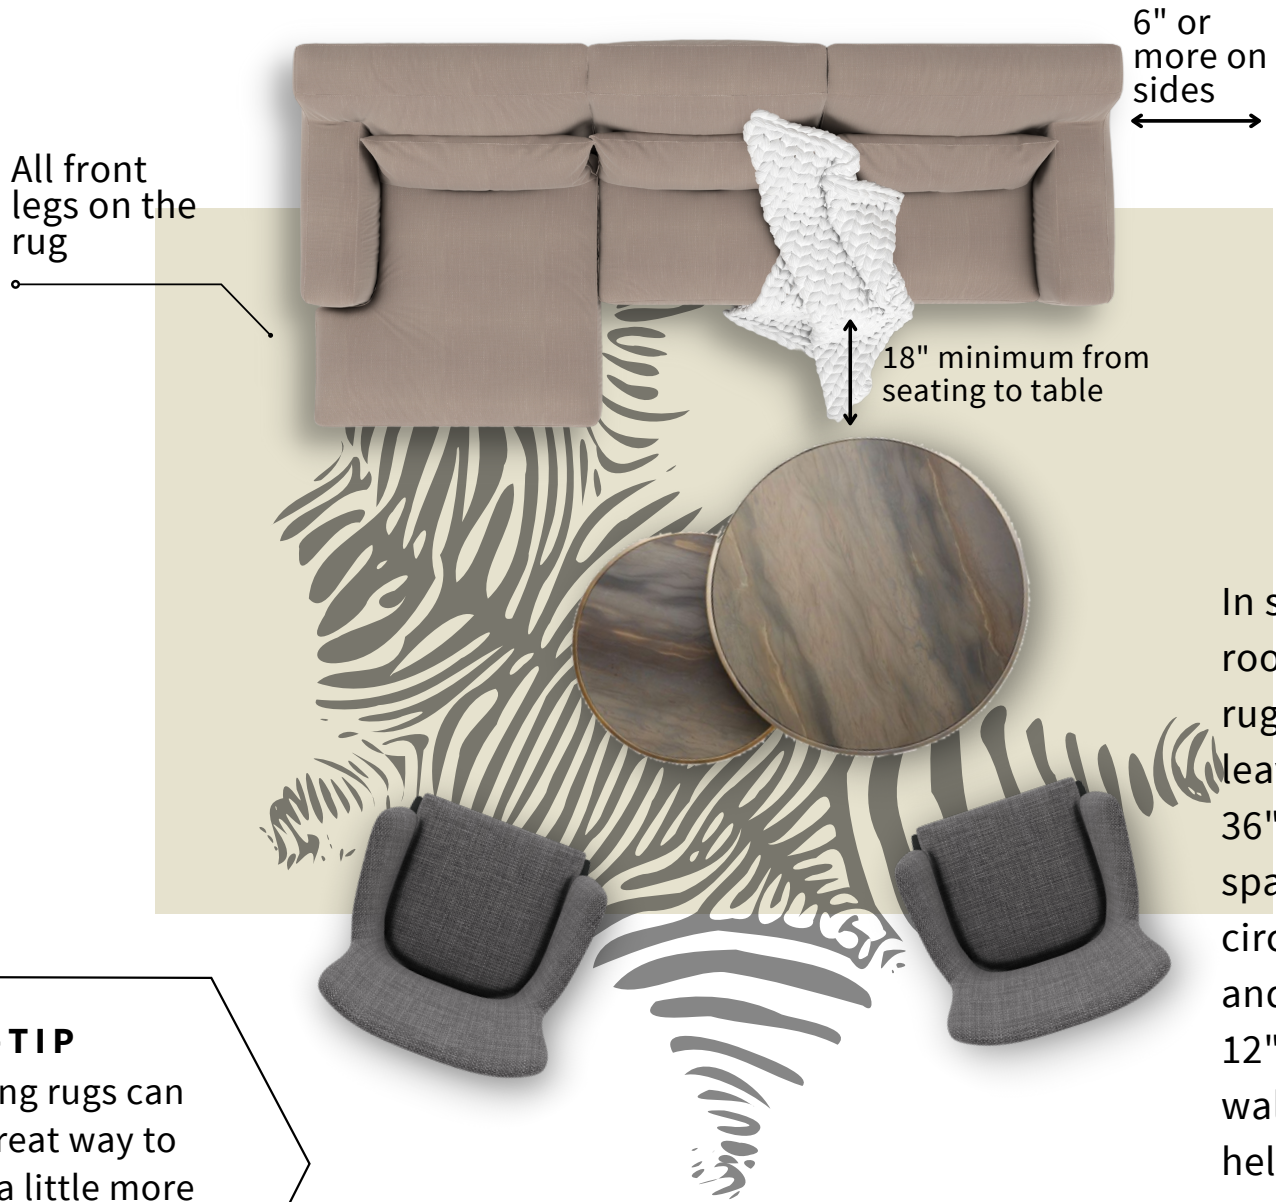

ROUND TABLE Suggested Rug Shapes

Square

Round

CRD

RUG SIZING: SMALL LIVING SPACE

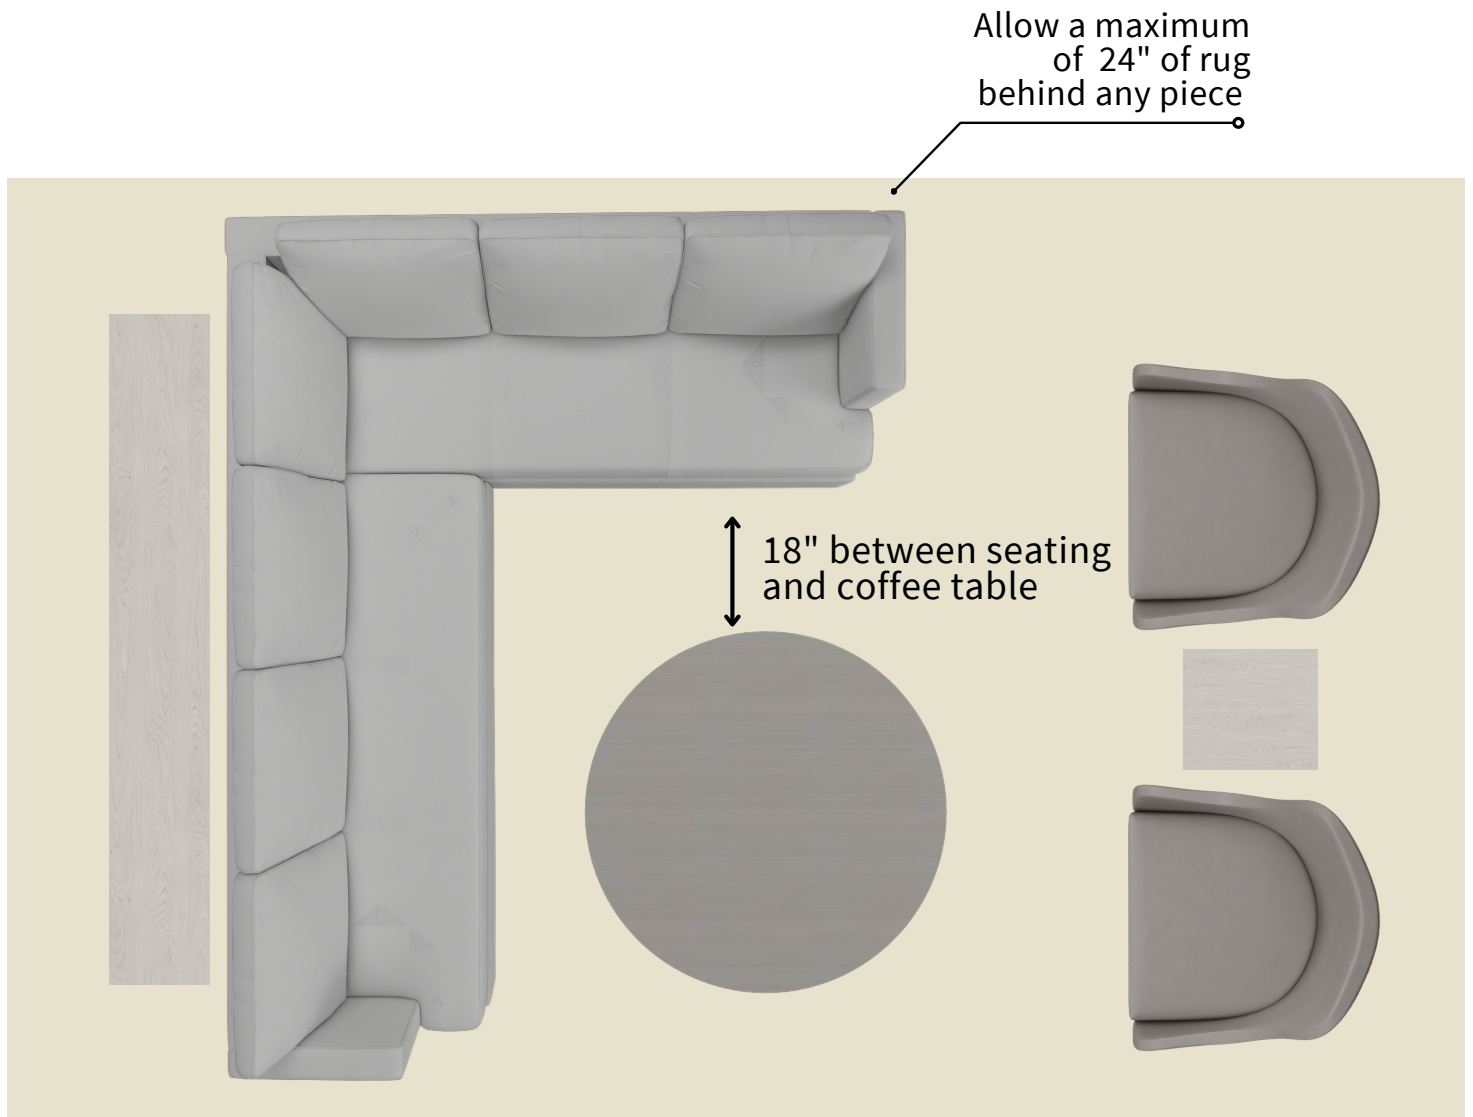

In smaller rooms, use a rug that leaves about 36" of floor space for circulation and at least 12" from any wall. This helps the room look bigger and not like you're forcing it.

PRO-TIP
Layering rugs can be a great way to cover a little more area without buying a bigger rug

CRD

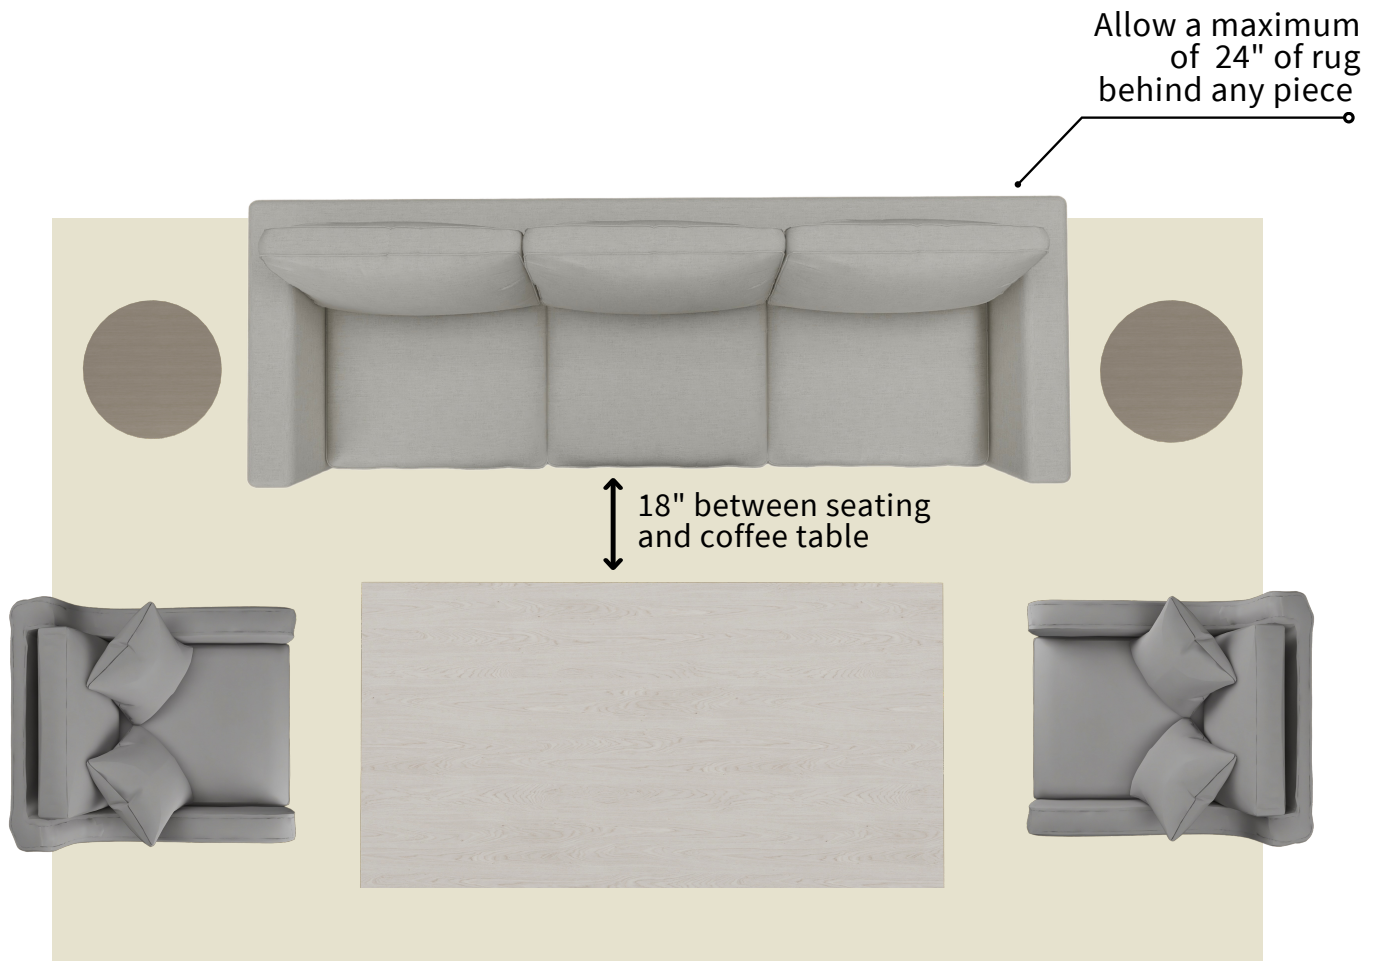

RUG SIZING: LARGE LIVING SPACE

If you have enough space, place a console table behind your sofa and use for extra lighting, decor, and storage.,

CRD

RUG SIZING: LARGE LIVING SPACE

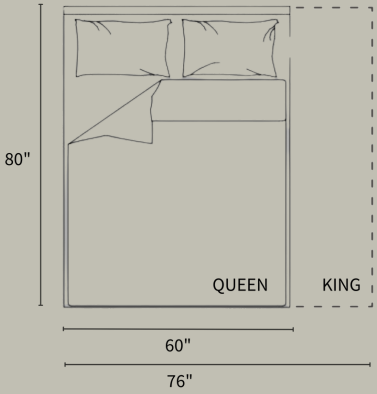

PRO-TIP

If your rug isn't large enough, you can just place the front furniture legs on the rug.

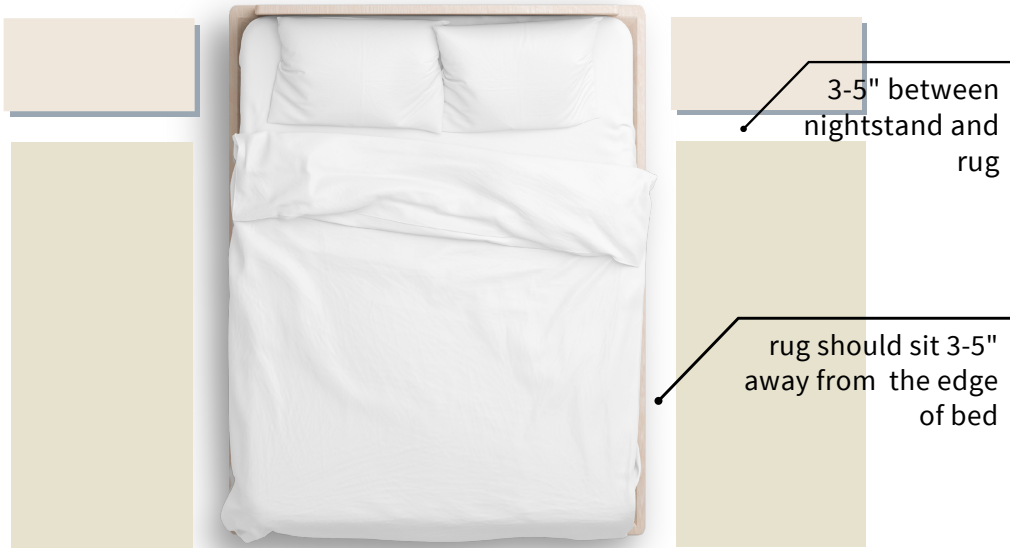

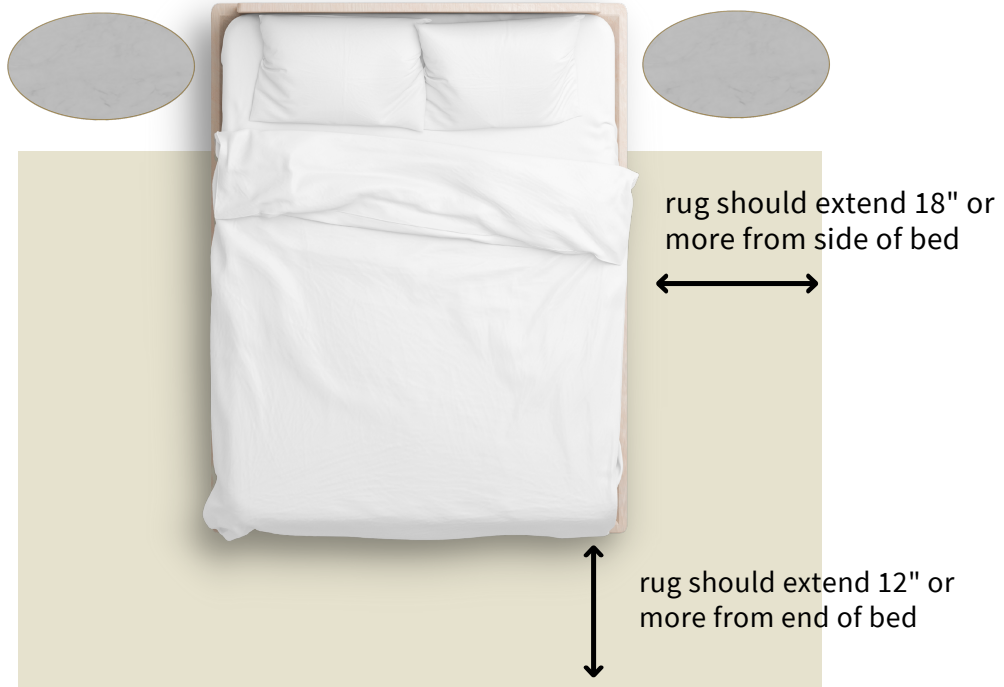

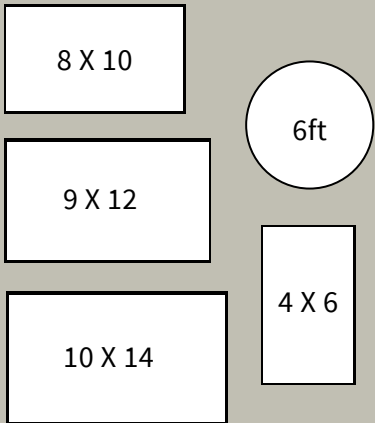

If the room is large enough, fit all furniture legs on the rug. Leave 36" of walking space around rug and 12" from any wall.

BEDROOM

KING/QUEEN

SUGGESTED SHAPES + SIZES

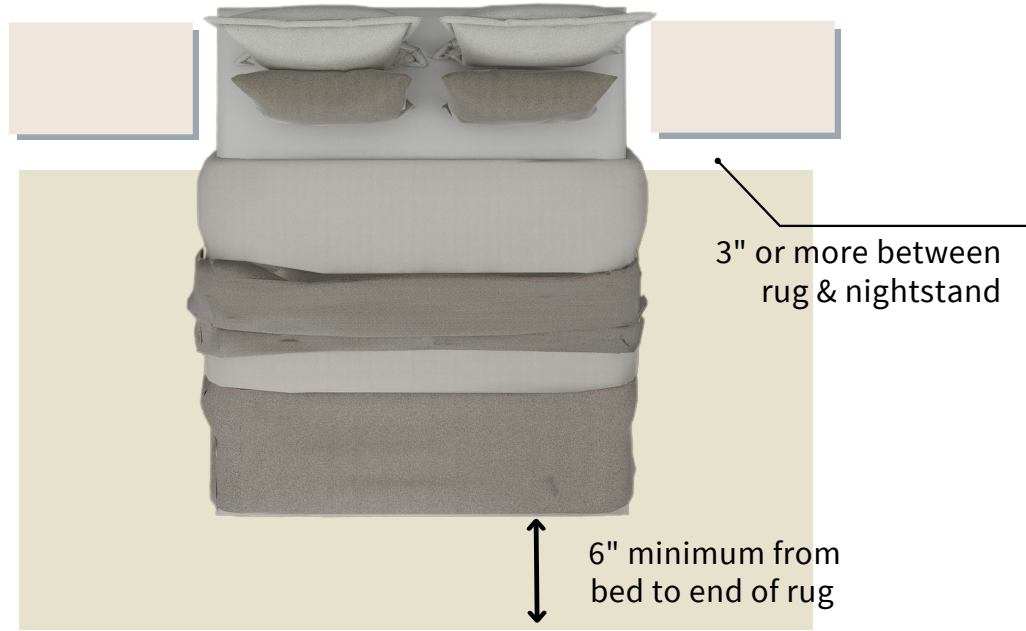

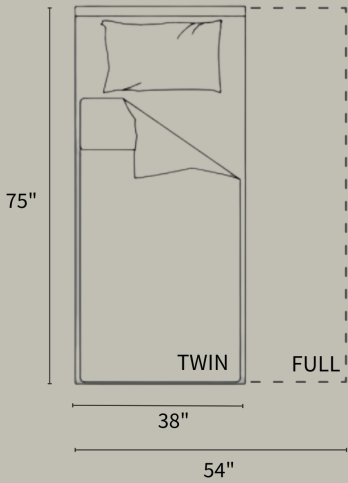

*Two runners can be a very cost effective option in place of a large rug
